A one night per room deposit, by credit card only, is required to be returned with your NPW registration form. You may stay at other hotels in the area, but be sure you have your own transportation to and from those hotels. It is not recommended that you stay at any hotel other than **the Hilton Alexandria Hotel or the overflow hotels for all survivors who lost an officer in 2007. - ◆ **First year survivors may be able to find help with transportation, hotel and meal expenses from their agencies or local police organizations. Ask your agency if there are any funds available for National Police Week attendance. The Georgia Chapter of C.O.P.S. will provide financial assistance to the spouses, minor children and parents of the deceased officer for hotels, transportation and meals as our treasury will allow**

Comments

- ◆ Look for the daily APB's (all points bulletins) that will tell you all the events for each day and the time of each. It is so easy and will let you know exactly where to be and what time to be there

For the 2007 surviving families and agencies, I can't stress enough the importance of your attendance at National Police Week. This is the only year your officer will be honored! You will not want to miss this opportunity

The benefit you will receive from attending National Police Week is invaluable. It will allow you to associate and speak freely of your loss to someone who has experienced a similar loss as yours. They can relate to your emotions and grief. You will be able to attend grief and counseling seminars in order to assist you in your journey through the healing process. Your life has forever been changed, but somehow you will find the strength and courage to go on. Your life is not over, only changed through a very traumatic experience. You will continue to forever "carry the torch" for your officer in your heart, memories and deeds you do

Our thoughts and prayers are sincerely with you, your children, family members, friends and co-workers of your officer

If you have a question, or if I may be of any additional assistance, please call me at 770-354-8771. We look forward to seeing you in Washington, DC during National Police Week

Police Week Was Born on October 1, 1962

**87th Congress of the
United States of America**

H.J. Res. 730

October 1, 1962

Public Law 87-726

Joint Resolution

76 Stat. 676.

To authorize the President to proclaim May 15 of each year as **Peace Officers Memorial Day** and the calendar week of each year during which such **May 15** occurs as **Police Week**.

Whereas the police officers of America have worked devotedly and selflessly in behalf of the people of this Nation, regardless of the peril or hazard to themselves; and

Whereas these officers have safeguarded the lives and property of their fellow Americans; and

Whereas by the enforcement of our laws, these same officers have given our country internal freedom from fear of the violence and civil disorder that is presently affecting other nations;

Whereas these men and women by their patriotic service and their dedicated efforts have earned the gratitude of the Republic:

Now, therefore, be it

Resolved by the Senate and the House of Representatives of the United States of America in Congress assembled, That the President is authorized and requested to issue proclamations (1) designating **May 15** of each year as **Peace Officers Memorial Day** in honor of the Federal, State, and municipal officers who have been killed or disabled in the line of duty, (2) directing the officials of the Government to display at half-staff the flag of the United States on all Government buildings on such day, as provided by section 3(m) of the Act of June 22, 1942 (Chapter 435; 56 Stat. 377; 36 U.S.C. 175), (3) designating in each year the calendar week during which such **May 15** occurs as **Police Week**, in recognition of the service given by the men and women who,

night and day, stand guard in our midst to protect us through enforcement of our laws, and (4) inviting the governments of the States and communities and the people of the United States to observe such day and week with appropriate ceremonies and activities, including the display at half-staff of the flag of the United States.

Approved October 1, 1962.

Amended by Public Law 103-322 in 1994.

Public Law 87-726, signed by President John F. Kennedy in 1962, was amended as above by the 103rd Congress as part of the Violent Crime Control and Law Enforcement Act of 1994. President Bill Clinton signed Public Law 103-322 which directs that the flag of the United States on all Government buildings be displayed at half-staff on May 15, National Peace Officers' Memorial Day.

Brief History of National Police Week Activities

Little did anyone know back in October, 1962, that it would take 20 years for any police group to actually celebrate National Peace Officers' Memorial Week.

In August, 1981, newly-elected National Secretary of the Fraternal Order of Police (FOP) Auxiliary, Suzie Sawyer, made a motion at the FOP Auxiliary National Post-Conference Board Meeting to sponsor a National Peace Officers' Memorial Day Service. After much discussion about the activity being too much for this small organization to handle, newly-elected National President Trudy Chapman "vacated her position" as President and talked to the group about the need for the Auxiliary to have a national project to support the law enforcement profession. After a vote of the National Auxiliary Board at that meeting, the first National Peace Officers' Memorial Day Service was held in Washington, DC, on May 15, 1982, on Capitol Hill in the small, beautiful "Senate Park". Only 125 people attended, but the activity proved to be promising. Then FOP National President Leo Marchetti vowed the FOP's support in increasing attendance at that activity.

On the eve of the second National Peace Officers' Memorial Day Service on May 14, 1983, much to the surprise of police officers and Auxiliary members who planned to attend, ten young widows came to Washington, DC, to attend that Memorial Day Service. Once the survivors began meeting with police officers, emotions started to flow. The women from the Auxiliary were asked to serve as hostesses for these survivors and the women all left the host hotel to find a nice, quiet place where everyone could talk.

After several hours of open discussion about their new life following the traumatic death of their police officer, the surviving spouses realized they had now become "the bad reminder of law enforcement's ultimate demand." All too often, they talked about abandonment by the agency that once promised they would always be part of the police family. Following the emotional discussion, a young police survivor by the name of Lynn Bolton from Eau Claire, WI, came forward to talk with Suzie Sawyer and Trudy Chapman about what had just transpired at that meeting of survivors. "This is the greatest thing that has happened to me in the past year," the young widow said. "I have finally found people who understand what I have to deal with. Next year couldn't we have a seminar?"

Suzie Sawyer replied, "And what would we talk about -- death?"

"Yes", was Lynn Bolton's response. "Somebody needs to talk about death in law enforcement!"

So on May 14, 1984, the first National Police Survivors' Seminar was held. The luncheon was sponsored by the Fraternal Order of Police. At that seminar the survivors felt such a tremendous closeness that they voted unanimously to organize their own national peer support organization. Concerns of Police Survivors, Inc. was born on that day.

Now survivors had two reasons to come to Washington, DC, during National Police Week:

1. To hear the name of their fallen officer read at the National Peace Officers' Memorial Day Service on May 15, and
2. To share their burden of grief with other survivors at the National Police Survivors' Seminars.

Later that year in October of 1984, President Ronald Reagan signed into law the legislation that allowed the National Law Enforcement Officers Memorial Fund to begin raising money for an appropriate monument in Washington, DC, honoring the fallen law enforcement officers of America. That effort was spearheaded by Congressman Mario Biaggi, A Democrat from New York who was the most highly decorated police officer in the history of the New York Police Department. Senator Claiborn Pell was also offered an honorary position on that board since he was instrumental in seeing that legislation passed through the U.S. Senate.

In 1989, the first annual Candlelight Vigil was held at the site of the soon-to-be constructed National Law Enforcement Officers Memorial in Judiciary Square in Washington, DC. In October, 1991, the National Law Enforcement Officers Memorial was dedicated by President George Bush. Today that Memorial Wall carries the names of over 14,000 law enforcement officers killed in the line of duty.

Now survivors have three reasons to come to Washington, DC, during National Police Week:

1. To hear the name of their fallen officer read at the National Peace Officers' Memorial day Service on May 15, and
2. To share their burden of grief with other survivors at the National Police Survivors' Seminars.
3. To see the name of their loved one engraved on the Walls of Remembrance at the National Law Enforcement Officers Memorial.

While police agencies may have celebrated National Police Week on the local level years ago, today there is a new heightened awareness of National Police Week. Concerns of Police Survivors, Inc. distributes a half million blue ribbons for law enforcement agencies to tie to their car antennas to call national attention to this day; the U.S. Congress has passed legislation that allows the U.S. flag to be flown at half staff on May 15; numerous police organizations hold memorial services locally, regionally, and on a statewide level during that week; police departments may have open houses, SWAT team demonstrations, etc. to promote National Police Week.

All in all it is one week during the year when law enforcement honors their fallen officers and makes the citizens of America aware that every 57 hours another law enforcement officer gives up his or her life for perfect strangers. National Police Week activities must continue to grow nationwide.

May 15 has been National Peace Officers Memorial Day, and the week containing May 15 has been National Police Week, since President John F. Kennedy signed Public Law 87-726 on October 1, 1962.

But it was not until May 15, 1982, that the first National Peace Officers' Memorial Day Service was held. Washington, DC, activities during National Police Week now include the annual Candlelight Vigil at the National Law Enforcement Officers Memorial and COPS' National Police Survivors' Seminars as well as the National Peace Officers' Memorial Day Service.

- Remember to bring your Memorial Service Nametag
- Be prepared to go through the magnetometers at the hotel before you load the bus.
- Bring minimal personal belongings; you cannot leave anything on the bus.
- Cameras, camcorders, etc are okay, just be prepared to have them searched.
- If taking medication, remember to bring it with you.
- You may want to bring snacks; water will be supplied at the Memorial Service.

The Memorial Service Procession - what to expect:

- Auxiliary volunteers will assist the Family in lining up numerically. This is critical for participation in the Memorial Service. Auxiliary members will also give Primary Survivors a flower corsage.
- When everyone is lined up numerically, Auxiliary members will assist the Participating Family Members in boarding buses (keeping in numerical order) for the ride to the West Front of the United States Capitol, the site of the Memorial Service.
- Upon arriving at the Capitol, Auxiliary members will again assist the Participating Family in disembarking the buses (again, in numerical order). There will be people available to help with strollers, etc.
- During the Memorial Service, there is a Roll Call of Heroes, where the name of every Fallen Officer to be honored is read. Just before the Roll Call of Heroes begins, the Participating Family is led from their seat to the rear of the seating area to be joined with their Escort Officer.
- When the Fallen Officer's name is called, the Escort Officer will walk the Participating Family down the center aisle to the Memorial Wreath. The Primary Survivor will place the flower inside the star formation on the Wreath, while the Escort Officer renders a salute. A photo will be taken of the placement of the flower and provided the Family at a later date. The Participating Family and Escort Officer will be directed to an area by an Auxiliary member where the Primary Survivor will receive a Supreme Sacrifice Medal. The fathers of the Fallen Officers will receive a lapel pin replica of the medal.
- The Escort Officer remains with the Family, escorting them back to their seats, then proceed back to their assigned seating.

We want you to know that there will be Auxiliary and FOP volunteers to guide you every step of the way! - Escort officers should be provided for family's primary survivor.

- Department should financially assist with immediate family's expenses to Washington if at all possible. If not from their budget, find sponsors, donations, fundraisers etc. in the local community. Request additional emergency funding from your local government
- **Department should take a passenger van to Washington in order to transport the family members for dinner in the evenings and as needs arise for the family**
- Be on time for all functions. **Look sharp, wear full uniform for May 13 candlelight vigil memorial and "class A" uniform for the May 15 Memorial Service at the U.S. Capital**
- Officers attending may want to take a supply of department's uniform shoulder patches, pins, etc for swapping with other departments
- If driving a company car or have a personalized license plate you will want to remove it after you arrive in DC

Non uniformed officers are requested to wear business attire and if carrying a concealed weapon, you must have an official law enforcement photo identification on your person.**

All shields/badges are to be covered with a black mourning band.

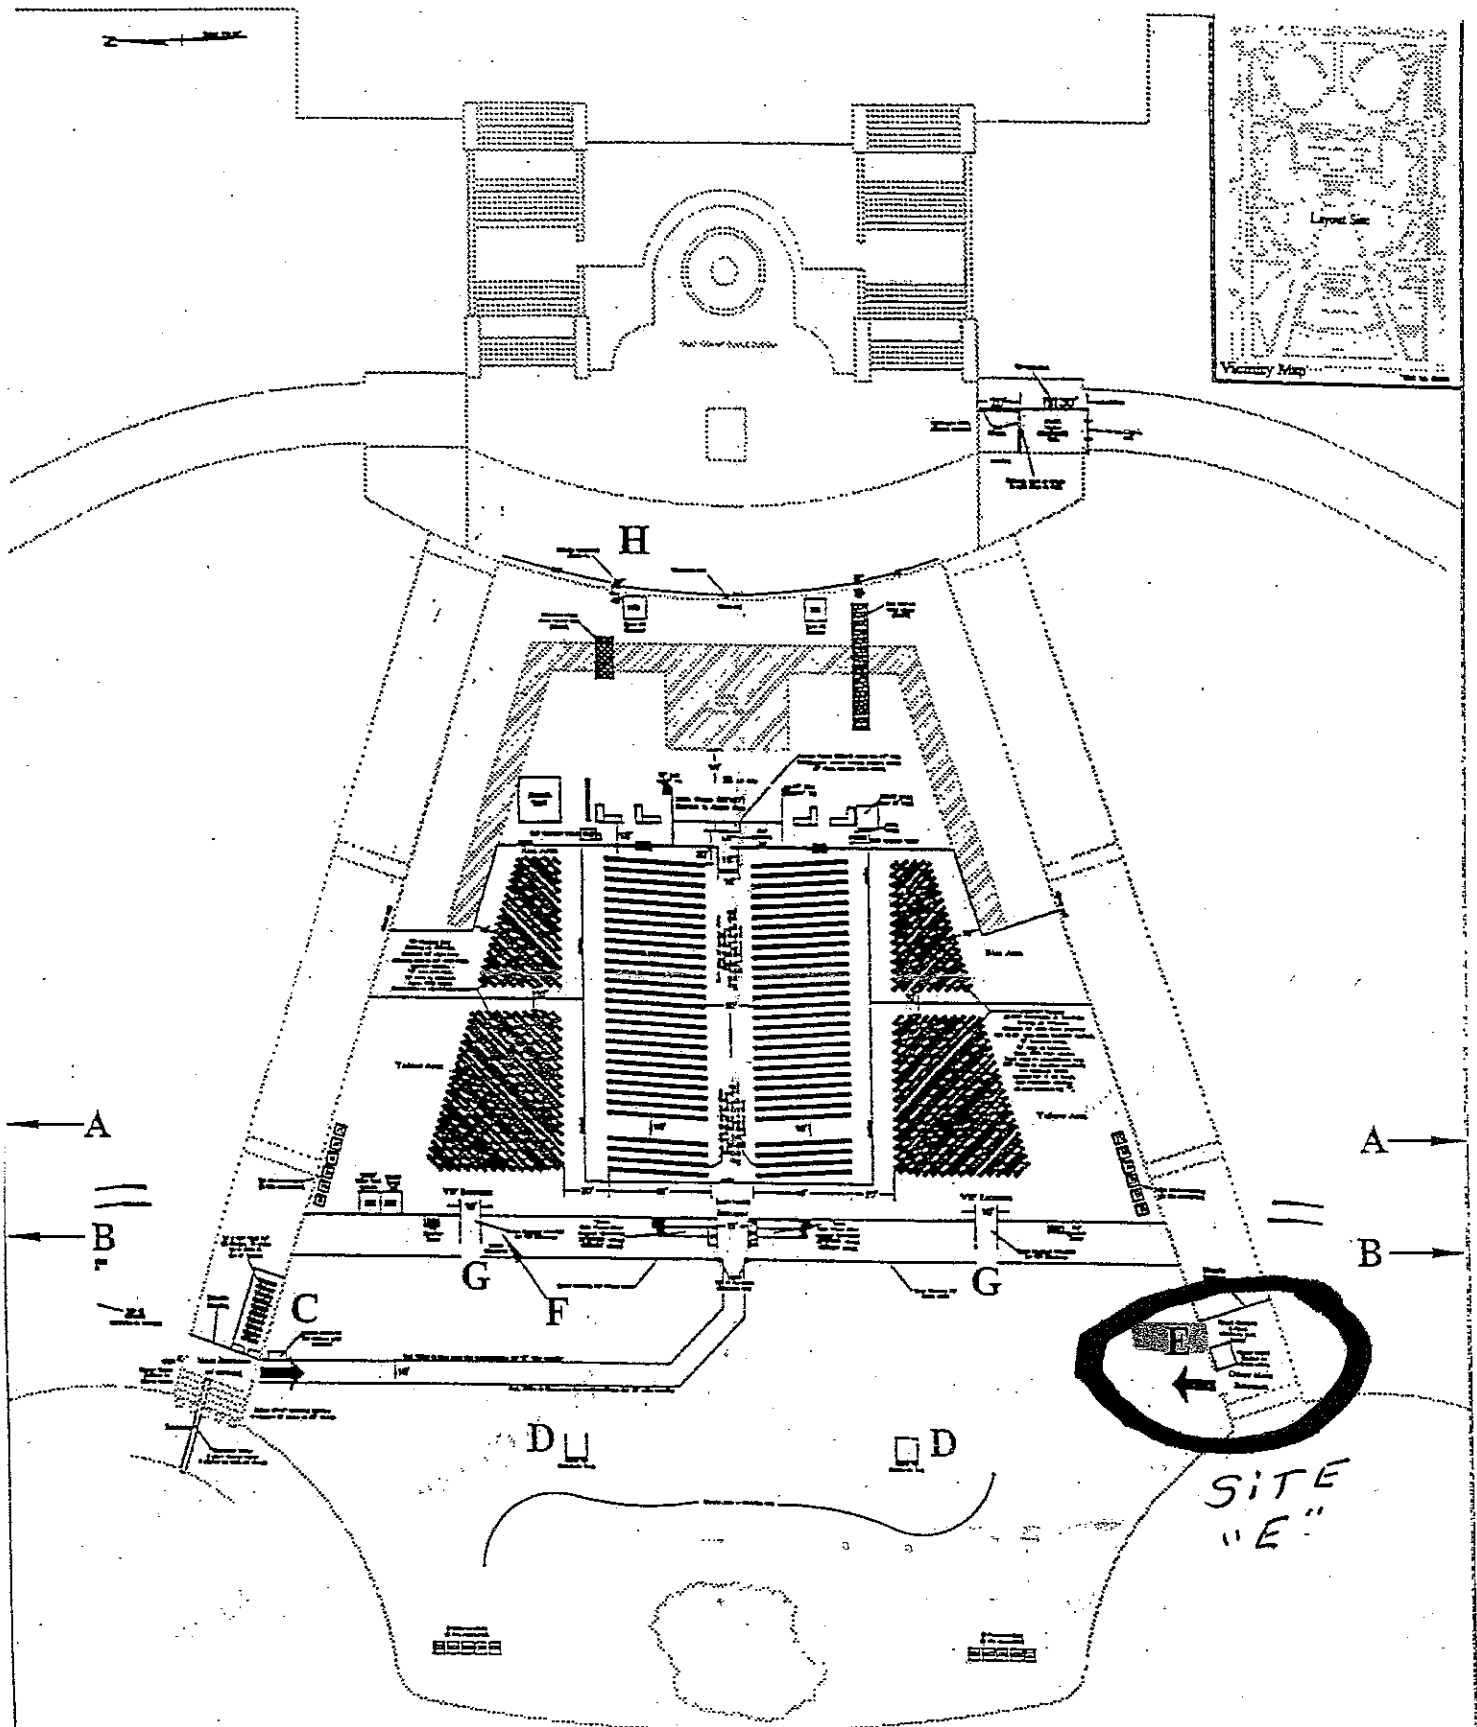

Escort officers arriving on May 15th who are participating in the Memorial Service, must report directly to the Memorial Service Site (West Front of the United States Capitol) no later than 10:00 a.m. for instructions and assembly.

Any escort officer NOT reporting to site "E" by 10:00 a.m. at the U.S. Capitol on May 15 for issuance of passes and final instructions will be replaced.

All commands for movement will be voiced by the officer in charge of the United States Capitol Police Ceremonial Unit.

The May 15 Memorial Service is not a social function. There will be no movement during the Memorial Service except by the survivors, escorts and the committee members. Any person or group of people creating a disturbance during this solemn time will be asked to leave. Remember, the Memorial Service is not over at the end of the speeches or roll call of heroes. Please remain in place until the end of "taps."

US Department of Justice

Comments on COPS' Training:

"Course content was excellent. I'm recommending the course to my partner and supervisor."

"I highly recommend this course to ALL police officers."

No Agency wants to face a Line-of-Duty Death.

The only thing worse than the death itself is being unprepared to handle the chaos.

Concerns of Police Survivors

Concerns of Police Survivors, Inc., is dedicated to helping the surviving families of America's fallen law enforcement officers rebuild their shattered lives through hands-on programs based on strong peer-support...survivors helping other survivors.

COPS' programs for survivors include-

- Camp ships
- Parents' Retreat
- Seminars
- Wilderness Experiences
- Surviving Spouses' Getaway

Summer Camp-

Introduced in the summer of 1994, COPS' Annual Summer Camp is for surviving spouses or guardians with children ages 6-14.

Camp activities are combined with grief counseling. Team-building activities and shared fun in a camp atmosphere teach the family that teamwork is essential for coping with grief.

COPS' Annual Summer Camp is held on the shores of Lake of the Ozarks. The only cost to participants is their travel to Missouri.

Seminars-

The National Police Survivors' Seminars provide the first exposure to other survivors from all across the nation who understand how the line-of-duty death of their officer has affected their lives.

These Seminars provide survivors with tools needed to begin rebuilding their lives.

COPS provides meals, local transportation, tours and evening events that bring survivors into the "COPS FAMILY".

Wilderness Experience-

In the summer of 1998, COPS initiated an annual Wilderness Experience for surviving children from ages 15 to 21.

White-water rafting, mountain climbing, rappelling and backpacking help participants discover their own capabilities.

The only cost to participants is their travel to the major airport nearest the site of the Wilderness Experience.

Scholarships-

Since December 1991, COPS' Scholarship Program has awarded over \$200,000 to surviving spouses and children under age 30. To date, no application has been denied because of insufficient funding.

Parents' Retreat-

COPS' Annual Parents' Retreat was introduced in the fall of 1996.

The retreat is held on the beautiful shores of Lake of the Ozarks and supplements the grief support parents receive at the National Police Survivors' Seminars. The only cost to participants is their travel to Missouri.

Surviving Spouses' Getaway-

The fear of raising children alone, coping with trials, and attempting to find a "new normal" in life are frequent topics of discussion at the Spouses' Getaway. COPS provides surviving spouses an opportunity to network with other surviving spouses away from children, other family members, and the intrusions of daily life.

General Support of COPS-

Survivors who participate in COPS' hands-on programs talk about the unique, strong bonds they make with other survivors. The newly-derived learn from other survivors and mental health professionals grief techniques that will help them rebuild their shattered lives following the line-of-duty death of their officer.

Survivors often say that keeping a connection with their fallen officer's law enforcement agency is important to coping with their loss. COPS works with law enforcement agencies to help agencies understand and fulfill that need for the fallen officer's family.

History-

Organized in May 1984 by a unanimous vote of 110 police survivors, Concerns of Police Survivors' membership now totals almost 10,000 families. There is no membership fee--the price paid is already too high.

Other Programs for Survivors-

- A National Peer-Support Network
- Support from Local Chapters
- Reimbursement for Children's Psychological Counseling
- Quarterly Newsletters
- Benefit Assistance
- Trial and Parole Support

COPS' Programs for Law Enforcement-

- Regional Training on "The Trauma of Law Enforcement Death"
- State and Federal Death Benefit Information
- Semi-Annual Newsletters
- Resource and Reference Materials

Concerns of Police Survivors asks hundreds of thousands of Americans to support its public awareness campaigns. These campaigns are-

- Project Blue Light during the Christmas Holiday Season
- The Blue Ribbon Campaign during National Police Week each May

COPS is a 501(c)(3) corporation. Donations are tax-deductible according to current IRS guidelines.

Mission Statement-

COPS provides resources to assist in the rebuilding of the lives of surviving families of law enforcement officers killed in the line of duty as determined by Federal criteria. Furthermore, COPS provides training to law enforcement agencies on survivor victimization issues and educates the public of the need to support the law enforcement profession and its survivors.
