Reaching Out to Help America's Police Survivors

September 27, 2005

Mr. Roger Parker
President
Georgia COPS Chapter
142 Clubhouse DR
Kennesaw, GA 30144

Dear President Parker:

Concerns of Police Survivors is honored to accept your recent chapter contribution in the amount of \$500.00 to assist law enforcement's surviving families who were affected by Hurricane Katrina.

We have all seen the destruction on the news, but we can only imagine the feelings of utter helplessness of those who lost everything. We have been contacted by members of our COPS family who have lost everything, and we're grateful that you have reached out to them with your support. They were devastated when their officers were killed and again by the hurricane. COPS has been there for their grief issues and contributions such as yours allows COPS to help them again in another way.

This contribution of \$500.00 will be given special recognition during National Police Week 2006 activities so that attending survivors will know that you reached out to law enforcement's surviving families affected by Hurricane Katrina. Thank you for making a difference.

Sincerely yours,

Suzie Sawyer
Executive Director

SS:tm

Thanks, Ga. COPS.
